

What is Sports Premium? 2016 – 2017

Sport Premium is an amount of money which the government has agreed to allocate to schools and is based upon the number of children of primary school age at the start of January each year. The sport premium is to be used to increase the quality and breadth of Physical Education (PE) and Sport provision and increase participation in PE and Sport. At Blackhall Colliery Primary School our target for sports and PE is to continue to build upon the work achieved last year and ensure it is sustainable. We believe that our high-quality PE develops children's competence and confidence in a wide range of activities. Each child is given opportunities to be physically active, creative and face different challenges, individually or by working collaboratively in groups and teams. Children can plan, perform and evaluate their own learning as well as others to help improve their quality and effectiveness. Children have a willingness to participate, engaging fully in curricular and extra-curricular activities. These skills help us to promote positive attitudes towards healthy active lifestyles and also supports the emotional well-being of our children.

Sustainability

We are investing into our staff by up-skilling teachers, to increase the confidence and delivery of our PE curriculum now and for future years. We are actively involved with the Schools Sports Partnership to ensure a range of opportunities and competition for all our children through intra and inter school activities and competitions which will benefit our children and improve their teaching and learning experience.

The money was used for:

Investing in the Easington School Sport Partnership Service Level Agreement (£5000) to provide the school with the following:

- Liaise with the school to develop an annual bespoke P.E. & Sport action plan.
- Curriculum support and high quality CPD for teachers, teaching assistants, NQT's, professional development days etc.
- Provision of High Quality Coaching support across a variety of sports.
- A full organised annual programme of competitions/tournaments/festivals in addition to the National School Games.
- Participation, inclusion and excellence opportunities.
- Provision of an after-school activity in every term in a variety of sports.
- SSP Network meetings to support PE Co-ordinators / PLTs in their role developing PE & sport within their school.
- Identifying opportunities for young leaders to practise their skills through volunteering in schools.
- Assistance in the process of applying for national 'Gamesmark' status for High Quality Provision of P.E. & School Sport.
- Promotion and development of links to local sports club.

- Sustain and grow the network of Change4life clubs.
- Central co-ordination of school sport programmers in SSP area.

Additional ways we have prioritised the Sport Premium:

- £1600 towards the cost of transport to attend organised festivals and competitions
- £1920 Football Coach to provide twice weekly after school clubs and to give curriculum support to classes in KS1 and KS2.
- £1500 Sporting Coach to liaise with PE coordinator to provide sporting clubs linked to forthcoming festivals.
- £300 Skipping Day for all children including Lower Foundation
- £350 Canny Kitchen Healthy Eating Workshops
- £250 Dance Costumes
- Investing in a Service Level Agreement to provide a swimming programme to enable children to learn to swim at least 25m
- Maintain and replace as necessary school sports equipment.

IMPACT:

The Sport Premium Funding has impacted our school in the following ways:

We believe that the delivery of high quality physical education is essential for all children. All children in our school receive two lessons of PE teaching every week to help to kick start a healthy lifestyle. With the support of the School Sport Partnership, and their highly trained coaching team, the children receive high quality teaching across the curriculum. Our teachers support and take part in lessons led by SSCO staff and benefit greatly from this in school practical training. This support is driving up the quality of the PE provision in our school ensuring the teachers are now even more skilled to take PE forward independently in future years, ensuring sustainability. The funding has enabled staff to have the opportunity to attend regular In Service training through the SSCO. The children need good quality equipment to take part in the lessons fully and equipment has been replaced and added to where necessary. Children have welcomed the opportunity of trying new sporting activities which the additional funding has allowed us to engage in.

Attending local Sporting events is crucial to promote healthy competition with the children and has greatly helped to develop children's leadership skills. Children take part in intra-school activities and those who are gifted and talented or more able in certain sports then enter the inter-school events. We enter most festivals and competitions organised by the SSCO and have been successful in representing the District in several County Games events. These events have had a huge impact on the confidence and self-esteem of the children and serves to motivate more children to become involved in similar activities. At Blackhall Primary we strongly believe that all children have a right to a high quality education across the curriculum and inclusion for all is very important within PE and sport. A high number of our SEN children have benefitted this year with sporting activities designed specifically for their needs, including Boccia and New Age Kurling. Children have also been involved in Inclusion Swimming and Athletics festivals and participated in a number of Multi Sport Inclusion Days. They benefit both physically and socially by attending sporting festivals and competitions, including representing Easington District within the County Games. We have had very positive comments from parents whose children have been involved in these events. We are a Rights Respecting School and aim to promote the right for all children to take part in special events and have access to healthy food. With our healthy initiatives (Change 4 Life Breakfast Club, Canny Kitchen Workshops and NOF Multi Sports Clubs for the less active children) and Sports Days we actively promote healthy choices and fairness to all. We aim to embed competition at all levels and hold annual sports days (Foundation Stage, KS1 and KS2) to help achieve this. Children are encouraged to be actively involved in sporting leadership roles throughout the school and respond to these challenges in a very positive way. We have an active Sports Crew and Playground leaders, who have undertaken training led by the SSCO. Some of our young leaders have attended external sporting events in the capacity of leaders.

Throughout the year we offer a range of PE and sporting After School Clubs for example:

Football, Basketball, Gymnastics, Tennis, Multi Skills, Tag Rugby, range of Dance Clubs. These clubs have had a big impact upon improvements in behaviour, levels of attendance and a reduction in lateness. These clubs are promoted actively within school on a regular basis and to parents during our regular Sporting News newsletter. Successes are celebrated within both PE and Sport during our weekly Celebration Assemblies to which parents are invited. We are constantly aiming to increase the number of children who access at least one sporting club per term both within KS1 and KS2. The following information relates to the attendance of clubs both within KS1 and KS2,

	Autumn and Spring term	Full Year
Year 1	60%	67%
Year 2	38.5%	53%
Year 3	62.5%	72.5%
Year 4	66.7%	74%

Year 5	90%	97%
Year 6	55.2%	68.5%
